Sirs:

The applicant respectfully petitions for the withdrawal of the holding of abandonment and entry of the Submission of Substitute Formal Drawings in the above-identified application. The applicant was first alerted to a potential problem with the filing of the Submission of Substitute Formal Drawings in a Notice of Abandonment received by the applicant's attorney on August 11, 2003. In a subsequent telephone conversation on August 18, 2003, Mr. Tom Hawkins advised that the Patent Office did not receive the Submission of Substitute Formal Drawings and, with the three-month deadline having passed, the application was considered abandoned.

The applicant's records, however, indicate that a Submission of Substitute Formal Drawings was sent via the United States Postal Service, as first-class mail, postage prepaid on

June 24, 2003. Attached hereto is a copy of the Submission of Substitute Formal Drawings which includes a Certification of Mailing dated June 24, 2003, and a copy of the return receipt post card stamped by the Patent Office, which indicates that the issue fee and the transmittal of six pages of formal drawings was received by the Patent Office on June 27, 2003.

The applicant therefore respectfully requests that the holding of abandonment in the application be withdrawn because the applicant fulfilled all the responsibilities by submitting substitute formal drawings in a timely manner.

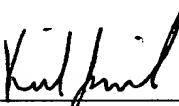

Finally, the applicant encloses a Resubmission of Substitute Formal Drawings enclosing six pages of formal drawings. The applicant further requests that the Patent Office accept the Resubmission of Substitute Formal Drawings filed herewith.

No fee is believed to be required for the filing of this petition. However, if it is determined that any appropriate fee is due, please charge Deposit Account No. 13-2855. A duplicate of this paper is enclosed.

Should the Office wish to further discuss this matter, they are invited to contact the undersigned.

Respectfully submitted,

Sirs:

This paper is submitted in support of Applicants' Petition for Withdrawal of Holding of Abandonment filed concurrently herewith, and in response to a telephone conversation with Mr. Hawkins on August 18, 2003.

I, Bryan J. Lempia, Reg. No. 39,746, hereby attest that to the best of my knowledge and belief, the Submission of Substitute Formal Drawings was timely submitted to the U.S. Patent and Trademark Office on June 24, 2003, by deposit into the United States Postal Service, as first-class mail, postage prepaid. At the time of signing the Certificate of Mailing transmission included on the Submission of Substitute Formal Drawings, I had a reasonable basis to expect that the correspondence would be deposited with the United States Postal Service as first class mail, postage prepaid on June 24, 2003, based on my personal knowledge of the customs, practices and reliability of the secretarial staff, docketing, and mail room departments of the firm of Marshall, Gerstein & Borun LLP.

Furthermore, I confirmed my understanding that the Submission of Substitute Formal Drawings was, in fact, transmitted via first class mail by reviewing the return receipt post card that was generated the firm's docketing department, included with the Submission of Substitute Formal Drawings, and stamped as received by the Patent and Trademark Office on June 27, 2003. A copy of the return receipt post card is forwarded with the applicant's petition.

I declare that all the foregoing statements are true and accurate to the best of my knowledge and belief, and I am aware that willfully making false statements may subject me to penalties, and may affect the validity of any patent that may issue on the subject application.

Should the Office wish to further discuss this matter, they are invited to contact the undersigned.

Respectfully submitted,
